

FCAT EVALUATION OPTION

If you plan to have your student tested by Pinellas County Schools (FCAT) in order to meet the annual evaluation requirement you will need to notify **Scott Eline** in the testing department at **588-6257** at **least two weeks in advance** to register your student for testing at their zoned school.

Assessment Updates

- FCAT dates are **February 25 – February 26** for writing, **April 22 - May 7** for reading, mathematics and science.
- FCAT Mathematic tests are no longer given in grades 9 & 10.
- Florida End-of -Course (EOC) Assessments for Algebra 1, Geometry, Biology 1 and US History are scheduled beginning April 28 of 2014.

Please contact the testing department for specific dates and details.

The parent needs to provide the school with the student's correct date of birth, grade level and social security number (requested) so that test scores will be correctly recorded. **Parents who fail to supply schools with student's social security number risk test scores being recorded incorrectly.** You will also need to notify our office of your intent to use the FCAT as an evaluation. **Please remember when using the FCAT as a form of evaluation your child must complete the entire testing.** For students in grades K, 1, 2, 11 & 12 testing must be done using one of the other options.

- ❖ It is the parent's responsibility to drop the child off and pick the child up promptly at the beginning and end of the test.
